

Catch a ride. Catch a nap. Catch up with friends. **RIDESHARE**

What is ridesharing?

Ridesharing is the simple act of sharing the ride to work with others. By carpooling or vanpooling, you save thousands of dollars in commute costs. And, it helps save the environment!

We have partnered with 511 to offer interactive tools and resources to support these travel choices by our employees.

Who can use this program?

All residents of the nine-county Bay Area.

How do I get started?

The first step to starting or joining a carpool or vanpool is requesting a free personalized RideMatch from 511. They will connect you with co-workers and neighbors who are interested in the benefits of ridesharing. Contact your matches once you receive your FREE matchlist.

Where can I find out more?

Visit 511.org or call 511 and say "Rideshare."
