

# Don't Miss Out on 'your company name here's Commuter Tax Benefit

Available for All Employees

Meet Susan...

- An employee of XYZ Corporation
- In the 25% Federal Income Tax Bracket
- Rides BART to work

*By deducting the \$265\* maximum for her BART fare from her pre-tax earnings, Susan saves \$83 per month or \$996 per year.*

How **Susan** benefits from the pre-tax option:

- Saves money on her monthly BART pass
- Enjoys the convenience of getting her pass at work
- Is reminded monthly that her employer is providing her a benefit

How **'your company name here'** benefits from giving Susan a pre-tax option:

- Provides a visible and valued employee benefit at minimal cost
- Enhances Susan's wage and benefits package
- Saves on FICA taxes
- Offers a benefit that is simple to set up and manage
