How the *Commuter Benefits Program* Works

The Bay Area Commuter Benefits Program requires employers with 50 or more full-time employees in the Bay Area to offer commuter benefits to their employees.

STEP 1: Evaluate the five commuter benefit options and select one (or more) of the options to offer to your employees.

Option 1: Pre-Tax Benefit	Allow employees to exclude their transit or vanpooling expenses from taxable income.
Option 2: Employer-Provided Subsidy	Provide a subsidy to reduce or cover employees' monthly transit or vanpool costs.
Option 3: Employer-Provided Transit	Provide a free or low-cost transit service for employees, such as a bus, shuttle or vanpool service.
Option 4: Alternative Commuter Benefit	Provide an alternative commuter benefit(s) that reduces single-occupant commute trips.
Option 5: Telework Policy	A policy allowing telework one or more days a week for all employees whose assignments can be performed remotely.

STEP 2: Designate a Commuter Benefits Coordinator. *For the purpose of the Program, this is simply the person who will complete the registration form and report to the Air District/MTC.*

STEP 3: Go to **511.org** and click on Bay Area Commuter Benefits Program to register.

STEP 4: Notify employees of the commuter benefit that your company will provide. Make the benefit available and let employees know how to take advantage of it.

STEP 5: Keep records to document implementation of your commuter benefits program and make the records available to the Air District upon request.

More information about the Commuter Benefits Program and employer requirements can be found in the "Employer Guide" at 511.org.
